

Applicant: Yao Wang, *et al.*  
U.S.S.N.: 10/017,304  
Filing Date: December 11, 2001  
EMC Docket No.: EMC-01-201

**REMARKS**

This paper is being provided in response to the Office Action, dated December 19, 2006 and a telephonic interview between the Examiner and Applicant's attorney on February 8, 2007.

Amendments have been made to the independent claims to recite that the bandwidth is allocated based on the estimate of the data to be copied and the time period to copy such data. No new matter has been added. Support for the amendment may be found at least page 57, lines 1-3, ("If the amount of data to be transferred divided by the current bandwidth is greater than the session timeout threshold parameters then more bandwidth generally will need to be allocated.")

Entry of the claims, as amended, and reconsideration is respectfully requested.

Applicant, through his attorney, would further like to thank the Examiner for promptly providing the instant Advisory Action.

In the event the Examiner deems personal contact desirable in the disposition of this matter, the Examiner is invited to call the undersigned attorney.

Please charge all fees occasioned by this submission to Deposit Account No. 05-0889.

Respectfully submitted,

Dated: 2/9/2007

  
Carl A. Giordano, Esq. (Reg. No. 41,780)  
Attorney for Applicants
